**If you are MIPS eligible, don't just take steps to avoid a penalty;
aim for a bonus with our free MIPS Reporting Solution—it's easy.**

How will this solution help me optimize my bonus potential?

Currently reporting quality measures through claims

Increase your potential for earning a higher payment adjustment by attesting to completion of improvement activities

OR

Have not decided how to report

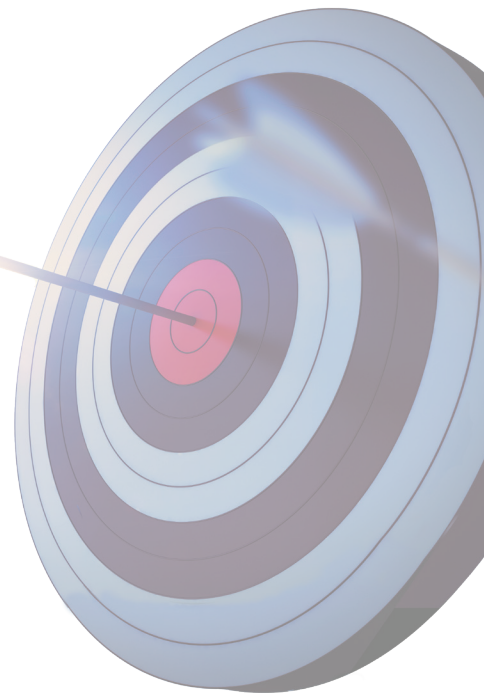

Increase your potential for earning a higher payment adjustment by attesting to completion of improvement activities **and** Reporting on quality measures for a 90-day period or up to a full year

Yes, I want to aim for a bonus. Show me how.

Step 1: Visit cap.org, select the Advocacy tab and choose "Pathologists Quality Registry" from the drop down menu. Select "Aim for the Bonus-Show me how" link and create a unique user ID and password under "Ready to Report" for 2017 reporting.

Step 2: Enter practice and pathologist demographic information and sign registry agreements. An email will be sent indicating enrollment is complete and includes a link to your 2017 MIPS Reporting Dashboard.

Step 3: Log into the 2017 MIPS Reporting Dashboard to attest to Improvement Activities and if not already submitted via another reporting mechanism, enter patient data for Quality Measures applicable to your practice for either 90 days or up to a full year.
